Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).
(Pasquale Larkin I)

WAYS OF WRITING: THE PRACTICE AND POLITICS OF TEXT-MAKING IN SEVENTEENTH-CENTURY NEW ENGLAND (HARDBACK)

University of Pennsylvania Press, United States, 2008. Hardback. Book Condition: New. 228 x 156 mm. Language: English . Brand New Book. Writers abounded in seventeenth-century New England. From the moment of colonization and constantly thereafter, hundreds of people set pen to paper in the course of their lives, some to write letters that others recopied, some to compose sermons as part of their life work as ministers, dozens to attempt verse, and many more to narrate a remarkable experience, provide written testimony to a civil court, participate in a controversy, or keep some sort of records-and of these everyday forms of writing there was no limit. Every colonial writer knew of two different modes of publication, each with its distinctive benefits and limitations. One was to entrust a manuscript to a printer who would set type and impose it on sheets of paper that were bound up into a book. The other was to make handwritten copies or have others make copies, possibly unauthorized. Among the colonists, the terms publishing and book referred to both of these technologies. Ways of Writing is about the making of texts in the seventeenth century, whether they were fashioned into printed books or circulated in handwritten form. The latter mode of publishing was remarkably common, yet it is much less understood or acknowledged than transmission in print. Indeed, certain writers, including famous ones such as John Winthrop and William Bradford, employed scribal publication almost exclusively; the Antimonian controversy of 1636-38 was carried out by this means until manuscripts relating to the struggle began to be printed in England. Examining printed texts as well as those that were handwritten, David D. Hall explores the practices associated with anonymity, dedications, prefaces, errata, and the like. He also surveys the meaning of authority and authenticity, demonstrating how...
