Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.One of the most difficult things in life is to foresee what effect will, an event have in our lives. Will it enhance our lives or not? Will it bring good or bad luck? If I hadn t taken the mad decisions that I have in my life, in addition to being at a specific time and place, I probably would not be here today. Not that I wanted to make mad decisions, I just did. It came natural to me. As a consequence of those very mad decisions I am now living one of the best periods of my life. No doubt the outcome was totally unexpected and contradictory. How did that happen? Is there such a thing as an orderly chaos? I am convinced everything happens for a reason and every event (good or bad) leads us to unforeseeable different directions. The sequence is vital and crucial to the final outcome, so is luck, which is so unpredictable that even being a direct consequence of that sequence, it could very well end up as the opposite of what we expect. The Revolution of Facundo Marval takes a glimpse at this fascinating and mysterious aspect of life, by following his personal golden trail and his personal revolution. Five people end up being persecuted and eventually separated, by the ideals of a revolution that did not exist.
