BRAND NEW, When Technology Fails: A Manual for Self-Reliance, Sustainability and Surviving the Long Emergency (2nd Revised edition), Matthew R. Stein, There is never been a better time to be prepared. Matthew Stein's comprehensive primer on sustainable living skills from food and water to shelter and energy to first-aid and crisis-management skills prepares you to embark on the path toward sustainability. But unlike any other book, Stein not only shows you how to live green in seemingly stable times, but to live in the face of potential disasters, lasting days or years, coming in the form of social upheaval, economic meltdown, or environmental catastrophe. When Technology Fails covers the gamut. You'll learn how to start a fire and keep warm if you've been left temporarily homeless, as well as the basics of installing a renewable energy system for your home or business. You'll learn how to find and sterilize water in the face of utility failure, as well as practical information for dealing with water-quality issues even when the public tap water is still flowing. You'll learn alternative techniques for healing equally suited to an era of profit-driven malpractice as to situations of social calamity....
