Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: Spanish . Brand New Book ***** Print on Demand *****. Book 4 in a collection of Comprehensible Input short stories taken from Nuestra Historia by Voces Digital. Present the following Spanish stories to your students and they will be instantly engaged in the target language. After all, a good story (as long as it is comprehensible) can delight and inspire. It s more than magic; it s science - specifically Stephen Krashen s theory of second language acquisition, which states that comprehensible input is the crucial and necessary ingredient for the acquisition of language. Stories - especially those crafted to be CI, like those in this collection - can be this necessary ingredient for language acquisition. By reading these stories, your students will meet an array of different characters, all of whom live in different Spanish-speaking countries and encounter various obstacles. Through the characters stories, students learn about customs and practices specific to the Spanish-speaking locales. Students will be hooked and learning both the culture and the language, almost without realizing it. If you would like more CI resources, go online to and sign up for a free trial of Nuestra historia, an online comprehensible input (CI) and proficiency-based curriculum. You ll find these same stories, along with a wealth of CI resources and interactive elements that you and your students will love.
