Reviews

It is one of the best publications. It is really very intriguing through reading through periods of time. You will not feel monotony at any time of your own time (that's what catalogs are for relating to in the event you request me).

Excerpt from Records Of The Monastery Of Kinloss: With Illustrative Documents The country of Moray was one of the latest conquests by the kings of Albany, and long after its nominal annexation to the Scottish kingdom it was the theatre of revolts and many risings of the old inhabitants. Of its ecclesiastical history during this period we have few memorials. Doubtless there were within its bounds monastic establishments of the Columban type, similar to the monasteries of Mortlach and Deer, in the neighbouring district, to the latter of which Malcolm, the Mormaer of Moray, made a grant of lands. We may infer that one of these had been placed at Kinneddar, near the coast, where St. Gennadius established his hermitage; but we have fewer vestiges of the Celtic Church in this district than in the country of the Southern Piets. It formed part of the civilising policy of David I. to carry the blessings of religion into the districts which his arms had vanquished; and it was thus that he was led to found a monastery at Kinloss, and establish in it a colony of his favourite Cistercians from Melrose, in the year 1150.
