Xulon Press, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Understanding God s Government dares to explore the nature of government at all levels - its pyramidal, hierarchical structure - within civil, religious, business, military, and social spheres, and then dissect the motivations behind their leaders. It is discovered that fear is usually the prime motivator that leaders use to gain and maintain control. The Creator s intended form of government for mankind, however, is a brotherhood based upon lateral relationships of love and concern for one s fellow man. The author delves into Biblical and secular sources to elucidate the nature of today s governments, elements of Godly government, ideal government within the ecclesia, forms of government that work, and their consequences. Additional articles are included, by former presidential candidate Harry Browne, Herbert W. Armstrong, James Lloyd, Norman Edwards, and the author. Learn why future government holds so much promise within this war-torn, unstable world. ABOUT THE AUTHOR Paul W.
