Reviews

An extremely wonderful pdf with lucid and perfect explanations. I could possibly comprehend every little thing out of this created e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Janie Wilkinson)

CHEMISTRY FOR PHOTOGRAPHERS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Chemistry for Photographers The first essentials to anyone studying chemistry are accuracy and cleanliness. Most of the surprising results obtained by students in their early days are due to want of cleanliness. Another point I should like to impress upon those just taking up the subject is that learning facts in a more or less mechanical way is not learning chemistry. It is said that a good lawyer does not know much law, but knows where to find his law. The same applies to a good chemist. Above all, endeavour to get an insight into the nature of things, and remember that the proper place for a dictionary is not inside a man s head, but on a shelf. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
