Not illustrated. 1888 Excerpt: .each set of observations, complete camping accommodation was provided at the station. So well did this arrangement work, that Dr. Becker, favoured by the unusually fine summer, by remaining on the hill every night succeeded in recording no fewer than forty-eight sunsets or sunrises in the months of June and July. The observations are the more valuable, as about the beginning of August heavy rains set in, and the weather in general was so unfavourable that only two sunrises, and not a single sunset, were observable in that month. Nor did the skies improve much before the end of the year, for in the last ten weeks there were but five nights on which nebulae could be observed in the meridian, while the fifteen first weeks of the year yielded seventeen nights suitable for that class of work. As at present arranged, the low-sun apparatus can...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
