It is great and fantastic. Better than ever, though I am quite late in starting to read this one. Your life period will likely be transformed once you comprehensively read this book.

Quadrille Publishing Ltd. Hardback. Book Condition: new. BRAND NEW, Vogue on: Christian Dior, Charlotte Sinclair, In 1947, Christian Dior stunned the fashion world with his first collection; his 'New Look' featured designs that transformed the way women dressed. Dior continued to send shockwaves with his later shows, significantly altering the fashion landscape during the ten years of his career as a couturier. This book recounts Dior's search for the perfect line and how his unique vision of women's ideal silhouette developed. More than any designer before him, Dior embraced the dual aspects of creativity and commerce, becoming the first couturier to license his products in 1949. He became one of the most famous designers of the twentieth century, and his name still fronts one of the most successful haute couture fashion houses. As portrayed in the pages of Vogue by photographers such as Horst and Irving Penn and artists like Christian Berard, the book offers a unique insight into Dior's contribution to design, his dramatic impact on the landscape of 40s and 50s fashion and his personal legacy. Vogue, the international fashion bible, has charted the careers of designers through the decades. Its unique archive of photographs, taken by the leading photographers of the day from Cecil Beaton to Mario Testino, and original illustrations, together with its stable of highly respected fashion writers, make Vogue the most authoritative and prestigious source of reference on fashion. With a circulation of over 160,000 and a readership of over 1,400,000, no brand is better positioned to present a library on the great fashion designers of the modern age.
