AKAL, 1991. Condition: Nuevo. En una síntesis clara y viva, los manuales de la colección INICIACION A LA HISTORIA describen y explican las grandes líneas de la evolución del mundo, desde la Grecia arcaica hasta nuestros días. Precedidos por una bibliografía general y temática que suministra los instrumentos de trabajo indispensables, estos manuales deben poder satisfacer tanto la curiosidad del público culto como las necesidades metodológicas de los estudiantes. Se completan con un fascículo de mapas de cómodo manejo, que ilustran perfectamente los grandes momentos históricos y económicos. El periodo analizado en este libro, de 1740 a 1820, es quizá el más significativo en la historia de la Europa moderna, cuyas consecuencias aún hoy se mantienen vivas. Una profunda transformación de las estructuras económicas, las ideas y los hombres, que tendrían como centro nodal la tensión entre revolución y contrarrevolución. Lote formado por el libro del alumno de Formación y orientación laboral - grado medio, y por el cuaderno de ejercicios correspondiente.
