

Media and the Empire (Paperback)

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.
(Mitchell Kuhn III)

Taylor Francis Ltd, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. This volume on print and broadcast media in the 19th and 20th centuries highlights the pivotal role that the media played in the establishment and maintenance of imperial power. The media bolstered both the ideological and financial objectives of the empire in a myriad of overt, covert, and downright scandalous ways. From jeopardising the introduction of wireless telegraphy in order to maximise the financial gains of the investors of under-sea cabling, to newspaper proprietors cashing in on the thrilling, wonderful (and sometimes fabricated) adventures of war correspondents in exotic lands, the media has had a constant background influence in the public s perception of empire. By covering diverse topics from Anthony Lejeune s radio talk-show `London Letters - which supported the Allies by boosting morale and providing a link between soldiers fighting abroad and their families during both World Wars, to the complete subversion of imperial influence - as in the case of the proliferation of diverse media platforms being used by migrant communities in Britain as a means to promote `colonization in reverse , the book hints at the politics, suspense, and intrigue of both the print and broadcast sectors. This book was originally published as a special issue of Critical Arts.
