

The Inquisitor: A Medical Thriller (Paperback)

Filesize: 7.83 MB

Reviews

Excellent electronic book and helpful one. It usually does not cost a lot of. I am quickly will get a pleasure of reading through a written publication.

(Bernardo Feeney Jr.)

THE INQUISITOR: A MEDICAL THRILLER (PAPERBACK)

Random House USA Inc, United States, 2005. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. It s spring in Buffalo, New York. At sprawling St. Paul s Hospital, new interns rush through the halls, staff doctors scramble to catch their proteges mistakes, and everyone is aware of one unrelenting threat: A new and vicious strain of severe acute respiratory syndrome (SARS) has hit America hard and is menacing the hospital like a wolf at the door. Wrapped in spacesuit-like garb to search for every possible source of infection, the hospital staff desperately tries to protect the lives of patients-and of each other. Yet despite St. Paul s best efforts, people are dying. In this chilling medical landscape, no one notices the slight spike in the death rate in a palliative care ward. The prevailing attitude is They re supposed to die. That s why we call them terminal. When these same patients complain of terrifying near-death experiences, the hospital staff attributes it to delirium caused by medication. But when ER chief Dr. Earl Garnet gets blamed for the unexpected death of a patient, he defies protocol and opens an independent investigation. He quickly becomes suspicious that something far more sinister than disease is killing the hospital s most vulnerable patients. For Garnet, looking into the deaths means rattling relationships that have been built over years-relationships with several men and women he once trusted but now must doubt. With the SARS epidemic spinning out of control and a storm of suspicion, fear, and mistrust raging through the corridors of St. Paul s, the hospital is rocked by a horrifying crime: A respected researcher is found brutally murdered. And his executioner...
