Alternate Reality Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The man with the best chance to save humanity from a mortal otherworldly threat is dead. Freelance intelligence agent Cord Devlin had been endowed with god-like abilities after the discovery of ancient and possibly alien artifacts made him nearly invincible. Unfortunately, his similarly endowed foes were able to ambush the weakened agent after a titanic struggle in the bowels of the Massachusetts Institute of Technology. But as any student of Star Trek knows death can be just the beginning and there s no greater student of Star Trek than Cord Devlin. With his Uncle Jamie s seemingly supernatural help Cord takes the long road back to existence. Along the way he s introduced to some startling if not unsettling truths about his family history and why Jamie is able to join him in a realm of thought absent of any physical media. He s also made privy to why humanity has an ax to grind with certain aliens and the price some other aliens paid as a result. Can Cord use his unique heritage to tap the secrets of a forgotten empire to defeat humanity s earthly and unearthly enemies?.
