## LOOKING BACKWARD (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Edward Bellamy (1850 -1898) was an American author and socialist, most famous for his utopian novel, Looking Backward, a tale set in the distant future of the year 2000. Bellamy s vision of a harmonious future world inspired the formation of at least 165 Nationalist Clubs dedicated to the propagation of Bellamy s political ideas and working to make them a practical reality. Bellamy s novel tells the story of a hero figure named Julian West, a young American who, towards the end of the 19th century, falls into a deep, hyponosis-induced sleep and wakes up one hundred and thirteen years later. He finds himself in the same location (Boston, Massachusetts), but in a totally changed world: It is the year 2000 and, while he was sleeping, the United States has been transformed into a socialist utopia. The remainder of the book outlines Bellamy s thoughts about improving the future. The major themes include problems associated with capitalism, a proposed socialist solution of a nationalization of all industry, the use of an industrial army to organize production and distribution, as well as how to ensure free cultural production under such conditions.
