QUERY ANSWER AUTHENTICATION (PAPERBACK)

Morgan Claypool Publishers, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. In data publishing, the owner delegates the role of satisfying user queries to a third-party publisher. As the servers of the publisher may be untrusted or susceptible to attacks, we cannot assume that they would always process queries correctly, hence there is a need for users to authenticate their query answers. This book introduces various notions that the research community has studied for defining the correctness...

Reviews

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
