Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

DREAMS AND ASTROLOGICAL PSYCHOLOGY (PAPERBACK)

Hopewell, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.John D. Grove has spent many years in two worlds - the practical world of professional psychotherapy based on Jungian theory, contrasted with his ongoing more private interest in the world of astrological psychology. Dreams and Astrological Psychology presents his reconciliation of these driving forces in his life. John highlights the profound predicament we in the Western world are in, reflecting the unbalanced state of our own egos. Jungian understanding of the psyche points the way forward, and John suggests that we can each become our own psychologist to begin to understand the puzzle of our own psychic existence. Our dreams and our astrological chart provide keys that help us to unlock this puzzle and realize our true potential as psychologically healthy and balanced individuals, thus raising the level of our collective experience.
