

Rational Design of Stable Protein Formulations

Filesize: 7.48 MB

Reviews

The publication is easy in read through better to recognize. It usually will not cost too much. You wont feel monotony at whenever you want of the time (that's what catalogs are for concerning when you question me).
(Rebecca Bechtelar)

RATIONAL DESIGN OF STABLE PROTEIN FORMULATIONS

To download **Rational Design of Stable Protein Formulations** PDF, please refer to the link listed below and download the ebook or get access to other information that are in conjunction with RATIONAL DESIGN OF STABLE PROTEIN FORMULATIONS ebook.

Book Condition: New. Publisher/Verlag: Springer, Berlin | Theory and Practice | Recombinant proteins and polypeptides continue to be the most important class of biotechnology-derived agents in today's pharmaceutical industry. Over the past few years, our fundamental understanding of how proteins degrade and how stabilizing agents work has made it possible to approach formulation of protein pharmaceuticals from a much more rational point of view. This book describes the current level of understanding of protein instability and the strategies for stabilizing proteins under a variety of stressful conditions. | 1 Practical Approaches to Protein Formulation Development.- Preparation for Formulation Development.- Resource Requirements for Formulation Development.- Useful Information for Designing Formulations.- Preformulation Development.- Characterization of Protein Pharmaceuticals.- Accelerated Stability Studies.- Development of Analytical Methods.- Evaluation of the Significance of Problems.- Formulation Development.- Formulation Options for Protein Pharmaceuticals.- Typical Protein Stability Problems: Causes and Solutions.- Optimization of Formulation Variables.- Necessary Studies for Formulation Development.- Strategies to Overcome Difficult Formulation Problems.- Formulation in Commercial Product Development.- Critical Formulation Decisions During Pharmaceutical Development.- Formulation for Early Preclinical and Clinical Studies.- Commercial Formulation.- Regulatory Issues in Formulation Development.- Appendix: List of Regulatory Documents.- References.- 2 Recombinant Production of Native Proteins from *Escherichia coli*.- Distribution of Expressed Proteins.- Cell Washing and Lysis.- Purification of Soluble, Folded Proteins.- Purification and Refolding of Soluble, Misfolded Proteins.- Purification and Refolding of Proteins from Inclusion Bodies.- Washing and Solubilization of Inclusion Bodies.- Purification of Expressed Proteins from Inclusion Bodies.- Refolding Mechanism.- Disulfide Bond Formation.- Removal of Denaturant.- Effects of Tag Sequences.- Effects of Excipients.- Response Surface Methodology.- High Pressure Disaggregation and Refolding.- Methods to Analyze Folded Structures.- Bioactivity.- Binding to Receptors.- Disulfide Bond Analysis.- Spectroscopy.- Conformational Stability.- Limited Proteolysis.- References.- 3 Physical Stabilization of Proteins in Aqueous Solution.- Overview of Physical Stability.- Thermodynamic Control of Protein Stability.- Kinetic Control of Protein Stability.- Interactions...
