Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Large Print. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is about understanding crystalline archetypes and working with eight distinct crystals called the Star Mandala. This information is derived from the Human Design Bodygraph based on the date, time, and place of your birth. Svetlana s work is inspired by Crystal Alphabet, An Intuitive Guide to rocks and crystals associated with 64 genetic tendencies created by Richard Rudd (Gene Keys, UK). Together these crystals form a global archetypal matrix of the human idealism expressed in a crystalline form. When we are frustrated or experience emotions of fear and anger, we often lose a perspective of what we are about, what we have accomplished, and a vision of our higher potentials. Integrating these archetypal ideas and energetic influences into your life can help you enjoy true magic of a closer relationship with Earth and each other. Experience, experiment and explore. Use your senses to connect and learn from the crystal realm. Trust your sensations and allow them to guide you. Every intuitive step you make creates a deeper certainty about your power. Our purpose is to enhance your life with experiences of magical beauty and power through experimenting with the crystalline energy of your Star Mandala. This little book will initiate your journey into the field of energy and information that is beyond your everyday perception and help you receive an inner guidance spontaneously and without external help.
