## Cinematography (Hardback)

By -

Rutgers University Press, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. How does a film come to look the way it does? And what influence does the look of a film have on our reaction to it? The role of cinematography, as both a science and an art, is often forgotten in the chatter about acting, directing, and budgets. The successful cinematographer must have a keen creative eye, as well as expert knowledge about the constantly expanding array of new camera, film, and lighting technologies. Without these skills at a director's disposal, most movies quickly fade from memory. Cinematography focuses on the highlights of this art and provides the first comprehensive overview of how the field has rapidly evolved, from the early silent film era to the digital imagery of today. The essays in this volume introduce us to the visual conventions of the Hollywood style, explaining how these first arose and how they have subsequently been challenged by alternative aesthetics. In order to frame this fascinating history, the contributors employ a series of questions about technology (how did new technology shape cinematography?), authorship (can a cinematographer develop styles and themes over the course of a...
