Gallery Books, 2018. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Booklist raves, Taking star-crossed to a new level. [and] cinematically styled.Hold Back the Stars is a tale of first love that will appeal to fans of David Nicholls's One Day and of Jojo Moyes's romances. Love is more powerful than gravity. We're going to be fine. He looks around, but there's nothing out here: nothing but the bottomless black universe on their left, the Earth suspended in glorious Technicolor to their right. Trapped in the vast void of space, Carys and Max have only ninety minutes of oxygen left to live. None of this was supposed to happen. After a freak accident, Carys and Max are left adrift in space with nothing to hold onto but each other. As they fall, they can't help but look back at the world they left behind: a world whose rules they couldn't submit to, a place where they never really belonged; a home they're determined to get back to because they've come too far to lose each other now. While their air ticks dangerously low, one is offered the chance of salvation—but who will take it?.
