Else it could not exist. - Excerpt from the poem Sweetness John Lawrence Farmer What would you do, if suddenly your life changed completely and catastrophically? When there is no way to recover who you were or what you had. left abandoned by all you believe in. Into whom or what can you place your trust? These are questions that many people are confronted by at some point in their lives. The poems of One Light were written during such a time. a span of four years in which the author came to question every aspect of life, love, and self-existence. In this period of soul-searching and contemplation, he started to have phrases that came to him, rising unexpectedly from his subconscious mind. These phrases and lines of prose were bits of answers that came in response to his quandary. One Light is a celebration of the recognition that all of life is connected. Heartfelt poetry that peers into the most meaningful and fundamental questions of this Life and beyond. and dares to give an answer!.
