Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Society felt almost utopic in those days, with the harmonious relationships between the three kingdoms and the plethora of wealth and trade. Amidst the Kraks Mountains, the sturdy dwarves had built their glorious homes, delving deep within to mine the precious metals. The elves, content within the peaceful forests, had developed a genteel society, and delved further into new philosophical depths in their quest for knowledge. Under the guidance of the elves, even the humans had reached their prime in trade and craftsmanship. Then came the dragons, pillaging and ravaging the known world. The elven nation crumbled and the dwarven nation burned as the humans turned against their allies and teachers. Out of the ashes and rubble, leaders led the remains of civilization to the fringes of the known world, deep into forests and mountains, to rebuild and recover. They came to deal with the endless attacks of the dragons, and though they were never at peace, no longer did death come as a surprise. Now, the dragons have taken up a new offensive, and the leaders of the new generation must rise up in revolt. An elvish prince and his cousin, a dwarvish king and his crazed partner, and a human bandit rise in revolt of the failing order of society, against the armies of marauding humans and the destructive dragons. All are beset by dangers in a treacherous world. The dragons are coming, but a rebellion is forming. Shall they succeed?.
