Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.With the current pricing boom that Bitcoin is experiencing, it is not a question of if Bitcoin is profitable, but how you can best take advantage of this unique point in time to make the most money possible. While the current trend is not exhausted yet, it will not last forever, which means you need to strike while the iron is hot. If this sounds good to you, then Bitcoin: Best Strategies for Investing and Profiting from Bitcoin is the book that you have been waiting for. One of the best things about investing in this new market is the fact that institutional investors have not yet invaded, which means that even if you do not know anything about Bitcoin right now, you are still on equal footing with a majority of the market. What's more, inside you will find everything you need to get started on the right foot, regardless if you are interested in investing in the short or the long term. So, what are you waiting for? Some analysts predict that Bitcoin will break \$60,000 per unit at some time during 2018, likely after dropping as low as \$6,000. Investments opportunities do not come along like this every day; it is time for you to take a chance, buy this book, and take control of your financial future. Inside you will find -Everything you need to know about Bitcoin, how it is priced and what it is good for, to start investing with confidence today -A rundown of the essential tools you will need to get started, including a secure wallet and a reliable exchange -Strategies to use when investing in both the short and the long term....
