Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Elements of Physics, Vol. 2: Imponderable Bodies; I. Light, Heat, and Magnetism A matter Of considerable difficulty in the preparation of a manual like the present is to determine the just proportions of the respective sections, chapters, and paragraphs, so that the subject shall be treated of in a manner neither too brief nor too diffuse. The purpose for which the treatise is intended will chiefly guide the author, who may yet, after all, be biassed to some extent by his individual views; for this reason a few remarks are added, explanatory of the course pursued.
