MONEY

Mondial, United States, 2007. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.From the Rougon-Macquart Series: Money (L Argent): After a disastrous speculation, Aristide Saccard was forced to sell his mansion and to cast about for means of creating a fresh fortune. Chance made him acquainted with Hamelin, an engineer whose residence in the East had suggested to him financial schemes which at once attracted the attention of Saccard. With a view to financing these schemes the Universal Bank was formed, and by force of advertising became immediately successful. Emboldened by success, Saccard launched into wild speculation. --- Judged by the standard of popularity, Money may be said to rank among M. Zola s notable achievements. This is not surprising, as the book deals with a subject of great interest to every civilized community. And with regard to this English version, it may, I think, be safely said that its publication is well timed, for the rottenness of our financial world has become such a crying scandal, and the inefficiency of our company laws has been so fully demonstrated, that the absolute urgency of reform can no longer be denied. (Ernest Alfred Vizetelly).
