As I lie on a white bed in a white room with white light filtering in through the shade on the window, I know it has finally happened. The Shift is complete. The radically new lifestyle of the Alternation of Generation world has more flaws than it may seem. A young woman named Mira Cobbleson has awoken for the first time in her new body with a feeling of unease. The Fisk, the city she is assigned to, seems too perfect to be real, but can it be any worse than the overcrowded cities and cramped apartments of life before the Shift? She stumbles upon others who feel it is worse, and they want to escape. Mira joins forces with them, and, together, they work to find a way to freedom--but their plan may be as flawed as the city they are trapped in.
