Filesize: 2.93 MB

Reviews

A really awesome book with lucid and perfect information. Of course, it is actually play, nonetheless an amazing and interesting literature. You are going to like just how the article writer create this ebook.
(Nakia Toy Jr.)

THE WEB-SAVVY PATIENT

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 314 pages. Gone are the days when patients take life-changing diagnoses lying down. The first place people go to learn more about their health, especially when it is at risk, is the Internet. But this unregulated channel can be as harmful as it is beneficial when it comes to medical content. As a step-by-step guide, *The Web-Savvy Patient: An Insiders Guide to Navigating the Internet When Facing Medical Crisis* explores topics such as wading through search engine results, connecting with online communities, defining conditions, identifying the specialists, and organizing the outcome of your research so that doctors will listen. Delivering practical instruction and supplying real-life reassurances, author and recognized patient empowerment pioneer Andrew Schorr encourages individuals and family members to retain control rather than fall victim to fear and worry. Schorr offers up true stories of empowered patients alongside the details of his own experience as a cancer patient, revealing how the Internet led him toward the physician, hospital, and treatment that he believes saved his life. Enlightening and logically organized, the book is easy to read and easy to relate to. Respected medical experts, support groups, and patients agree that when it comes to improving the quality of online health content, Schorr, a longtime patient educator, medical journalist, and leukemia survivor, is the ultimate expert. This item ships from La Vergne, TN. Paperback.
