

## Champions of Science

By John Hudson Tiner, Tiner John Huds

Master Books, United States, 2000. Paperback. Book Condition: New. 214 x 134 mm. Language: English . Brand New Book. Tiner, an educator and author of books like Exploring the History of Medicine and Exploring Planet Earth, uses his communication skills to introduce this new series. The Champions of Discovery Series lists many of the great men of science who also held to a firm faith in God. From Sir Isaac Newton to Louis Pasteur, these intellectuals merely considered that they were thinking God s thoughts after Him. Tiner, a science teacher, brings these sometimes-forgotten scientists into our consciousness and demonstrates that legitimate scientists have historically affirmed the Bible s teachings.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
