Then You Will LOVE This Book The reason most people do not invest for themselves is because they feel they cannot safely or effectively do it without an in-depth knowledge of the market and everything in it. This has not been my experience, and this is what this book is about. I spent years learning both fundamental and technical analysis of the markets. I spent years following TV and internet gurus. You do not need to be able to evaluate the fundamentals of a company as well as Warren Buffett or be an expert at chart reading to make good money. You don t even need to know most of the fancy terms out there- like Bollinger Bands, Fast Stochastics, Slow Stochastics and RSI s. In short, you don t need to spend years academically studying the markets in order to make very good returns. If you are looking for a guide to understanding...
