Management Education for Global Sustainability (Hardback)

By -

Information Age Publishing, United States, 2010. Hardback. Condition: New. Language: English . Brand New Book. For more than a century management education has fostered the development of leaders of many of the world s industrial successes with their immense creation of output that we now see as unsustainable. If we wish to avoid a time of tumultuous environmental crises in the global ecosystem management education must move more to being part of the solution, rather than of the problem. The task of transforming management education to contribute to the challenge of moving to global sustainability is upon us. Management Education for Global Sustainability provides a diverse and extensive set of perspectives on how management education can be transformed to be a significant part of the solution to the sustainability problem that business and other sectors of our world must grapple with. The spectrum of current integration of managing for sustainability into business school curricula is provided. A review of the current status sustainability oriented business degree options is completed. Approaches from around the world including China are offered. Management Education approaches through systems thinking, art, and stakeholder s theory are parsed. Specific examples of notable programs are covered, sustainable entrepreneurship...
