## THE PSYCHOLOGY OF HANDLING MEN IN THE ARMY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Psychology of Handling Men in the Army The big world game before the war was commerce and in this game the United States led the way in many respects. She has been the life of the party, as it were, among the nations of the world. Her gigantic commercial enterprises and organizations have evoked the interest and admiration of all foreign nations. However, her success in business has been measured by the individual successes of a few captains of industry. The point is that we have all worked and built to satisfy our individual needs and desires. There has been no general plan, no uniformity, no element in our commercial efforts that tended towards national unity; and great manufacturing plants, efficient railroads, vast stretches of cultivated lands do not make a great nation. A nation's strength, other things equal, is in direct proportion to the degree of co-operation among its people, and that nation is the strongest, and can stand the severest tests which has the greatest amount of teamwork. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
