

The Bigger the Problem, the Bigger the Hammer (Paperback)

By Tom Lindsay

Mirador Publishing, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Why not accompany Tom Lindsay in his career as a geologist, mainly searching for or mining diamonds? His work, over forty or so years, has taken him around southern and eastern Africa, east to China, south to Australia and then back to Africa. With the occasional side-trip to other destinations (although not in this book). You can visit South Africa (fleetingly), then head off to the northern border of the early 1980 s war-torn South West Africa. From there, in no particular order, journey to Communist China, outback Australia, other parts of Africa and meet a variety of people in settings which are definitely unusual. Lindsay s recollections range well beyond geological reminiscences and you ll not only pick up some of the whys and wherefores of diamond exploration but also a flavour of the worldwide social and political changes which have taken place since the 1970 s. Open the book, sit back, and travel the world at your leisure in the comfort of your armchair - it ll be a lot easier than the real thing!.
