ALGEBRA FOR SCHOOLS AND COLLEGES (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Algebra for Schools and Colleges Great care has been taken to cover the entire ground necessary for such work. Needless space has not been given to preliminary explanations, as it is assumed that boys and young men who begin to read Algebra have, in every case, had the proper grounding in Arithmetic. The examples have been so selected and graded that the student will have no difficulty in proceeding step by step through the entire work. The author has been, mindful to introduce examples and problems to such an extent only as will allow the completion of each exercise as it presents itself. The course, as here presented, can be finished by mature boys in a single year, and by boys who begin the subject at the age of fourteen or fifteen in two years.
